Good morning,

I wanted to follow up on the email below to see if you were able to assist with the cost of the Flock cameras.

Good morning,

Teresa Ruffoni, from our agency, provided me with your contact information. We recently opened a new development in Buellton across the street from the Marriott. We would like to install Flock cameras at this site, but we're trying to figure out ways to cover the costs as we don't have them budgeted for. I've contacted the Marriott to see if they're interested, and they've asked for the cost of the cameras, which I'm hoping you could assist with.

Teresa provided me with the attached invoice. I'm assuming this means that each Flock camera is $2,500, but is that for the year? And what does the Service Implementation Fee cover?
